

VISION

Our vision is to sharpen well the mindset, demonstrate, articulate and value knowledge, skills thoughtful pupils prepared to cope with a changing post-modern and globalized world by instilling them a global perspective, critical thinking skills and a respect for core values of school.

MISSION

Bright Acuity Pre and Primary school delivers keenness of perception and excellent education that empowers and supports every pupil on their personal journey to achieve the highest potential and being productive members of the communities.

OUR CORE VALUES

The values underpin everything we do at Bright Acuity Pre and Primary School, as we believe it will shape the lives of our pupils and prepare them for the future.

Integrity; we show integrity by being honesty, transparency, trustworthy and ethical conduct in all academic and social interactions.

Respect; we value and honor each other's feelings, beliefs, differences and rights within our school community.

Teamwork; we believe on the power to sharing, working together as the team.

Excellence; we are energized by the love of learning and thinking accurately and clearly all.

Responsibility; we value on taking ownership of our actions and who we are.

Creativity; we inspire our pupils to explore their inherited creativity.

Kindness; we show kindness by being supportive, caring, thoughtful and friendly.

Equality; we believe that equality is showing fairness.

SCHOOL OBJECTIVES

- ❖ To prepare and develop all learners in critical thinking, creative and problem solving skills accurately and clearly.
- ❖ To provide learning opportunities for the development of the pupils' intellectual, moral, physical and culture aspects and acquisition of skills and values, which will help them, become better and productive members of society.
- ❖ To make pupils appreciate their important role in the protection and preservation of the environment and national building.
- ❖ To provide learning experiences for the pupils that will help them to discover and enhance their aptitudes, talents and interest.
- ❖ To help pupils to maximize their potential in all areas of life, including academics, culture and sports.
- ❖ To ensure the learners recognize the importance of ethics, integrity, and accountability as foundation of a good citizen.
- ❖ To graduate who will have the requisite knowledge, skills, and values to meet challenges of the national and international demands.
